What is a home warranty?

And why do you need one?

A home warranty is an annual service agreement that **covers the repair or replacement** of the appliances and systems you use every day — items that homeowners insurance typically doesn't cover.

When these essentials break down from normal wear and tear, a Cinch Home Warranty not only gets a pre-screened pro to your home to fix the problem, but we also help pay the bill.

A Cinch Home Warranty is all about you — keeping your budget and your peace of mind intact all year round.

How does a home warranty protect YOU?

Do you have \$4,600 to spend on a new A/C or heating system when a breakdown happens? Or \$1,500 when your fridge stops working? An annual home warranty helps ensure you keep more money in your pocket when the unexpected happens — today and for years to come.

Avoid expensive repairs and replacements.

Why a Cinch Home Warranty is a win-win

Buyer benefits

- ✓ **No budget worries** if breakdowns occur after you move in
- ✓ **Getting the right help is easy** when things stop working in your new home
- ✓ **Multi-year discounted pricing** — Lock in the first-year rate for future years by paying for them up front. (Coverage will differ upon renewal.)

Seller benefits

- ✓ **Motivate buyers** since they are more likely to have interest in a home with a warranty
- ✓ **Budget protection** if a covered item fails while your home is on the market
- ✓ **Closing delays are less likely** due to appliance and system failures. Since covered items will be repaired or replaced, it's easier to avoid a closing delay due to a breakdown.

**Breakdowns can be stressful.
We make it simple to get the help you need.**
