# What is a home warranty?

### And why do you need one?

A home warranty is an annual service agreement that **covers the repair or replacement** of the appliances and systems you use every day — items that homeowners insurance typically doesn't cover.

When these essentials break down from normal wear and tear, a Cinch Home Warranty not only gets a pre-screened pro to your home to fix the problem, but we also help pay the bill.

A Cinch Home Warranty is all about you — keeping your budget and your peace of mind intact all year round.

# How does a home warranty protect YOU?

Do you have \$4,600 to spend on a new A/C or heating system when a breakdown happens? Or \$1,500 when your fridge stops working? An annual home warranty helps ensure you keep more money in your pocket when the unexpected happens — today and for years to come.

Avoid expensive repairs and replacements.
